

Chigwell Car Servicing Data Protection Policy

Introduction

The purpose of this document is to provide a concise policy statement regarding the Data Protection obligations of Chigwell Car Servicing. This includes obligations in dealing with personal data, in order to ensure that the organisation complies with the requirements of the relevant legislation, namely the Data Protection Act.

Rationale

Chigwell Car Servicing must comply with the Data Protection principles set out in the relevant legislation. This Policy applies to all Personal Data collected, processed and stored by [The Company] in relation to its staff, service providers and clients in the course of its activities. Chigwell Car Servicing makes no distinction between the rights of Data Subjects who are employees, and those who are not. All are treated equally under this Policy.

Scope

The policy covers both personal and sensitive personal data held in relation to data subjects by Chigwell Car Servicing. The policy applies equally to personal data held in manual and automated form.

All Personal and Sensitive Personal Data will be treated with equal care by Chigwell Car Servicing. Both categories will be equally referred-to as Personal Data in this policy, unless specifically stated otherwise.

Chigwell Car Servicing as a Data Controller

In the course of its daily organisational activities, Chigwell Car Servicing acquires, processes and stores personal data in relation to:

- Employees of Chigwell Car Servicing
- Customers of Chigwell Car Servicing
- Third party service providers engaged by Chigwell Car Servicing
- Suppliers to Chigwell Car Servicing

In accordance with the Data Protection legislation, this data must be acquired and managed fairly. Not all staff members will be expected to be experts in Data Protection legislation. However, Chigwell Car Servicing is committed to ensuring that its staff has sufficient awareness of the legislation in order to be able to anticipate and identify a Data Protection issue, should one arise. In such circumstances, staff must ensure that the Data Protection Officer is informed, and in order that appropriate corrective action is taken.

Due to the nature of the services provided by Chigwell Car Servicing, there is regular and active exchange of personal data between Chigwell Car Servicing and its Data Subjects. In addition, Chigwell Car Servicing exchanges personal data with Data Processors on the Data Subjects' behalf.

This is consistent with Chigwell Car Servicing's obligations under the terms of its contract with its Data Processors.

This policy provides the guidelines for this exchange of information, as well as the procedure to follow in the event that a [Company] staff member is unsure whether such data can be disclosed.

In general terms, the staff member should consult with the Data Protection Officer to seek clarification.

Subject Access Requests

Any formal, written request by a Data Subject for a copy of their personal data (a Subject Access Request) will be referred, as soon as possible, to the Data Protection Officer, and will be processed as soon as possible.

It is intended that by complying with these guidelines, Chigwell Car Servicing will adhere to best practice regarding the applicable Data Protection legislation.

Third-Party processors

In the course of its role as Data Controller, Chigwell Car Servicing engages a number of Data Processors to process Personal Data on its behalf. In each case, a formal, written contract is in place with the Processor, outlining their obligations in relation to the Personal Data, the specific purpose or purposes for which they are engaged, and the understanding that they will process the data in compliance with the Data Protection legislation.

These Data Processors include:

- Gds
- Sage
- Optly
- Croner

The Data Protection Principles

The following key principles are enshrined in the legislation and are fundamental to the Chigwell Car Servicing's Data Protection policy.

In its capacity as Data Controller, Chigwell Car Servicing ensures that all data shall:

1. ... Be obtained and processed fairly and lawfully.

For data to be obtained fairly, the data subject will, at the time the data are being collected, be made aware of:

- The identity of the Data Controller (Dave Shephard)
- The purpose(s) for which the data is being collected
- The person(s) to whom the data may be disclosed by the Data Controller
- Any other information that is necessary so that the processing may be fair.

Chigwell Car Servicing will meet this obligation in the following way.

- Where possible, the informed consent of the Data Subject will be sought before their data is processed;
 - Where it is not possible to seek consent, Chigwell Car Servicing will ensure that collection of the data is justified under one of the other lawful processing conditions – legal obligation, contractual necessity, etc.;
 - Where Chigwell Car Servicing intends to record activity on CCTV or video, a Fair Processing Notice will be posted in full view;
 - Processing of the personal data will be carried out only as part of Chigwell Car Servicing's lawful activities, and [the Company] will safeguard the rights and freedoms of the Data Subject;
 - The Data Subject's data will not be disclosed to a third party other than to a party contracted to [The Company] and operating on its behalf.
2. Be obtained only for one or more specified, legitimate purposes.

Chigwell Car Servicing will obtain data for purposes which are specific, lawful and clearly stated. A Data Subject will have the right to question the purpose(s) for which Chigwell Car Servicing holds their data, and Chigwell Car Servicing will be able to clearly state that purpose or purposes.

3. Not be further processed in a manner incompatible with the specified purpose(s).

Any use of the data by Chigwell Car Servicing will be compatible with the purposes for which the data was acquired.

4. Be kept safe and secure.

Chigwell Car Servicing will employ high standards of security in order to protect the personal data under its care. Appropriate security measures will be taken to protect against unauthorised access to, or alteration, destruction or disclosure of any personal data held by Chigwell Car Servicing in its capacity as Data Controller.

Access to and management of staff and customer records is limited to those staff members who have appropriate authorisation and password access.

5. ... Be kept accurate, complete and up-to-date where necessary.

Chigwell Car Servicing will:

- Ensure that administrative and IT validation processes are in place to conduct regular assessments of data accuracy;
- Conduct periodic reviews and audits to ensure that relevant data is kept accurate and up-to-date. Chigwell Car Servicing conducts a review of sample data every six months to ensure accuracy; Staff contact details and details on next-of-kin are reviewed and updated every two years.
- Conduct regular assessments in order to establish the need to keep certain Personal Data.

6. ... Be adequate, relevant and not excessive in relation to the purpose(s) for which the data were collected and processed.

Chigwell Car Servicing will ensure that the data it processes in relation to Data Subjects are relevant to the purposes for which those data are collected. Data which are not relevant to such processing will not be acquired or maintained.

7. ... Not be kept for longer than is necessary to satisfy the specified purpose(s).

Chigwell Car Servicing has identified an extensive matrix of data categories, with reference to the appropriate data retention period for each category. The matrix applies to data in both a manual and automated format.

Once the respective retention period has elapsed, Chigwell Car Servicing undertakes to destroy, erase or otherwise put this data beyond use.

8. ... Be managed and stored in such a manner that, in the event a Data Subject submits a valid Subject Access Request seeking a copy of their Personal Data, this data can be readily retrieved and provided to them.

Chigwell Car Servicing has implemented a Subject Access Request procedure by which to manage such requests in an efficient and timely manner, within the timelines stipulated in the legislation.

Data Subject Access Requests

As part of the day-to-day operation of the organisation, Chigwell Car Servicing's staff engage in active and regular exchanges of information with Data Subjects. Where a formal request is submitted by a Data Subject in relation to the data held by Chigwell Car Servicing, such a request gives rise to access rights in favour of the Data Subject.

There are specific time-lines within which Chigwell Car Servicing must respond to the Data Subject, depending on the nature and extent of the request.

Chigwell Car Servicing's staff will ensure that, where necessary, such requests are forwarded to the Data Protection Officer in a timely manner, and they are processed as quickly and efficiently as possible, but within not more than one month from receipt of the request.

Implementation

As a Data Controller, Chigwell Car Servicing ensures that any entity which processes Personal Data on its behalf (a Data Processor) does so in a manner compliant with the Data Protection legislation.

Failure of a Data Processor to manage Chigwell Car Servicing's data in a compliant manner will be viewed as a breach of contract, and will be pursued through the courts.

Failure of Chigwell Car Servicing's staff to process Personal Data in compliance with this policy may result in disciplinary proceedings.
